Information and Data

If I use a college computer, I agree to abide by the Acceptable Use Policy (part of the Student Handbook). I recognise that I may be excluded from certain classes if the college considers that I may pose a risk to other people. Information provided by me will be used by the college for the purposes of student administration, and the monitoring of equal opportunities. Other information such as ethnicity, exam results and course details may be passed on for the purposes of improving quality and planning future provision within Scottish education and other educational purposes.

At no time will your personal information be made available to the public or passed on to organisations for marketing or sales purposes. From time to time students may be approached by public funded bodies or their partners, to take part in research and surveys to help them with this task. In some circumstances, the college may pass contact details (name, address, date of birth, Scottish candidate number and course information) to Skills Development Scotland so they can contact you to offer advice and support. Tick this box if you do NOT want to be contacted in respect of such surveys.

I have read and agree to abide by the Student / College Partnership (see the Student Handbook).
